Grand Opening currently scheduled for end of June 2009

We plan to celebrate the tennis court reconstruction project funded by the Ontario Trillium Foundation (OTF). This initiative will help improve the safety and quality of the courts, help MPTC attract new members, as well as develop and grow its community programs. MPTC's executives, volunteers, members and community residents are extremely excited about our Grand Opening event and we anticipate over 100 attendees. At this event, our current guest list includes Mayor McCallion, City Councillor Nando Iannicca, MPP Charles Sousa, and representatives from the Ontario Trillium Foundation. We anticipate strong media coverage at this event to recognize OTF's high impact grant. This reconstruction project will provide long term usage/tennis court longevity for approximately 20+ years.

Additional funding is still required for the completion of associated projects such as a bathroom, seating, fence cabana, screens, equipment and court maintenance products. We invite you to contact (marketing@mohawkparktennis.org) if you or your company can contribute any gifts or gift cards as we are planning a raffle at the Grand Opening Event to raise funds.

Mohawk Park Tennis Club's executive board continues to invest 100% of its membership proceeds to promote and develop the growth of tennis within the community and to maintain the facility.

Reconstruction Update

Phase 1 is almost complete! MPTC's executive and volunteers have been extremely busy planning, coordinating with the tennis court contractor Ancaster Track and Tennis and the City of Mississauga to ensure that every detail is perfect. As you can appreciate, a reconstruction project requires full compliance with the City of Mississauga's standards, insurance and signoffs.

Phase 1 began with site surveys, prep work to mark around electrical and the 30 year old fence being removed by the City of Mississauga. Equipment was brought on site to excavate and remove the two existing courts and layers of penetration material. Granular A was brought on site to fill the courts and 2" of HL3 surface course asphalt was applied. You will note that there is an extra box area paved which will host the port-a-let bathroom and equipment box.

At this most critical stage of the project, the asphalt requires time to cure and the contractor will be back to fill any rain puddles to ensure proper drainage. The City of Mississauga has increased security patrols in the area help deter any vandalism. It is greatly appreciated that if you note anybody riding their bike and/or any vandalism activity to the facility, please report immediately to security at 905-896-5040. Your cooperation is greatly appreciated.

There are two more phases to be completed and Mohawk Park Tennis Club will provide more pictures and descriptions in the upcoming weeks.
